

Legislative Bill Analysis

[Senate Bill 667](#) (Roth)

Date: February 19, 2021 (Introduced)

Program: Property Taxes

Revenue and Taxation Code section 277

Effective: Immediately

Lisa Renati (Chief Deputy Director) 916.274.3563

Laurel Williams (Analyst) 916.274.3565

Ronil Dwarka (Revenue) 916.274.3391

Analysis Date: April 20, 2021

Summary: This bill would allow the executor or administrator of a disabled veterans' estate to file a claim for exemption with the Assessor on behalf of the estate.

Fiscal Impact Summary: Staff estimated the impact of a single refund claim. Based on the 2021-22 basic exemption amount, the refund claim would be \$1,475 (\$147,535 X 1%) per claim granted. If the veteran qualified for the lower income exemption amount, the refund would be \$2,213 (\$221,304 x 1%) per claim granted.

Existing Law: The California Constitution¹ authorizes the Legislature to exempt partially or fully from property tax, the home of a veteran or spouse, including an unmarried surviving spouse, that has incurred certain injuries during military service, including blindness in both eyes, lost use of 2 or more limbs, or totally disabled. The exemption also applies if a person has, because of a service-connected injury or disease, died while on active duty in military service. This exemption is commonly referred to as the "disabled veterans' exemption."

Revenue and Taxation Code (RTC) section 277² requires that anyone claiming the disabled veterans' exemption must file a claim with the Assessor.

Proposed Law:

Executor or Administrator. The proposed law allows the executor or administrator of a person's estate to file the information required by RTC section 277 with the Assessor on behalf of the estate.

Technical Changes. The proposed law makes technical changes in RTC section 277, changing "his or her" to "the claimant's".

In General: California law provides a qualified disabled veteran, their spouse, or their unmarried surviving spouse with a property tax exemption that applies to their home's assessed value. Exemption eligibility provisions require that the claimant obtain a United States Department of Veterans Affairs (USDVA) disability rating that either (1) rates the veteran's disability at 100% or (2) rates the veteran's disability compensation at 100% because the veteran is unable to secure and maintain gainful employment.

The law also allows surviving spouses to receive the exemption, if the spouse's death was service connected. To be eligible for the exemption, surviving spouses must receive a USDVA determination that the spouse's death was service connected. A USDVA determination is necessary for (1) active duty personnel deaths (i.e., the service person was not a "veteran") and (2) veterans without a 100% rating

¹ [Section 4\(a\)](#) of Article XIII of the California Constitution and Revenue and Taxation Code section 205.5.

² [RTC section 277](#)

when alive, but whose cause of death is deemed service connected. Surviving spouses of veterans with a 100% disability rating during their lifetime continue to receive the exemption after the veteran's death so long as they do not remarry.

The exemption amount depends upon the claimant's income. For the 2021-22 fiscal year, the basic exemption adjusted for inflation will be \$147,535. However, if the claimant's income is less than \$66,251, the exemption amount will be \$221,304. For the 2020 assessment year 59,063 disabled veterans or their unmarried surviving spouses were granted the exemption.

Commentary:

1. **Statute of Limitations.** Would this allow for executors and administrators to apply retroactively, and if so, would it apply to properties that have since been sold?
2. **Heirs.** This bill allows the executor or administrator of the claimant's estate to file a claim with the assessor; however, it is unclear whether a claim may be filed for past periods when the disabled veteran was alive, qualified for the exemption but did not file a claim, whether a claim may be filed for periods of time the estate owns the property after the disabled veteran's death, or both. The statute should be amended to make this clear.
3. **Number of Disabled Veterans' Exemptions by location.** For 2020-2021, counties with the most disabled veterans' exemptions in descending order include: (1) San Diego: 10,238; (2) Riverside: 7,175; (3) Los Angeles: 4,586; (4) San Bernardino: 3,995; (5) Sacramento: 3,140; (6) Solano: 2,595; (7) Orange: 2,383; (8) Kern: 1,615; (9) Contra Costa: 1,556; and (10) Ventura: 1,504.
4. **Related Bills.** SB 658 (Grove) proposes to allow a partial disabled veterans' exemption for a veteran with a disability or compensation rating at less than 100 percent.

Costs: The BOE would incur absorbable costs to update claim forms and issue guidance.

Revenue Impact: Existing property tax law provides a disabled veterans' exemption to military personnel, or their spouses, in the event of a service-connected injury, disease, or death, as specified. The law provides a basic exemption amount of \$100,000, but increases that amount to \$150,000 if the claimant's household income does not exceed \$40,000, with all amounts adjusted for inflation. For 2021-22, the basic exemption amount is \$147,535. The lower income exemption amount is \$221,304 for claimants with a household income below \$66,251.

Staff cannot predict or estimate the number of refund claims that would be initiated under SB 667. Each case would be unique with the number of years claimed by the executor or administrator of the claimant's estate. Hence, it is extremely difficult to estimate an overall revenue loss.

Staff estimated the impact of a single refund claim. Based on the 2021-22 basic exemption amount, the refund claim would be \$1,475 ($\$147,535 \times 1\%$) per claim granted. If the veteran qualified for the lower income exemption amount, the refund would be \$2,213 ($\$221,304 \times 1\%$) per claim granted.
