I'm a parent of a two-year old and I'm really concerned about CA's funding for libraries and parks. The state's parks and libraries are a lifeline for me as a working parent, and I can't imagine how grumpy my child would be without these services fully funded and accessible for her! And with the COVID-19 crisis, it's even more important to make sure that there's enough funding for public resources like these. It would be really important for the state's elected Board of Equalization to take a stand in support of taxes that support families and small businesses, and I urge you to join community members across the state in supporting Prop 15.
