Hello there,

Prop 58 Parent to child states:

You must be a parent or child. A child may be a son, daughter, son-in-law, daughter-in-law, stepchild, or child adopted before the age of 18 or a foster child of a state-licensed foster parent.

[Add guardianship papers](#) to this exclusion or [Prop 19 before transfers February 2021](#) not after exclusions law must be fair for property taxes a family home legislation needs correction.

I only have guardianship papers. I see you have Prop 19 but only after February 2021 transfers do before what if grandparents and having hard time with court adoption request grandparents past away 2012 and couldnt finish adoption they wanted to adopt sign papers on grandparents behalf. I can do appeal after one year court views formal adoption even if but still needs to be in legislation I hope Prop 19 when I spoke to the board and staff in El Segundo its being take care of.

Regards,
