Subject: Employees of Assessor are Included within Term "Assessor" as used in Rev. & Tax. Code §833.

In response to your memo of August 21, 1996, the term "assessor" as used in Revenue and Taxation Code §833 includes employees of the assessor's office who are authorized by the assessor to inspect appraisal data in the Board's possession. We have earlier determined that the allocations are "appraisal data."
