Subject: San Diego County Comments on Proposed Form for 441(d)

Dear David and Angie,

Below are San Diego's comments on the Proposed Form for 441(d).

1. Recommend changing the second sentence in paragraph 3 be changed to read as follow: "This will allow adequate time for a detailed review of the property prior to your hearing". As it reads, the agents/applicants will definitely be requesting a copy of our appraisal without a formal request for an exchange of information and citing section 408.
2. On the second page under requested items, the request is limited to 8 line items. Wouldn't it be better to have the requested item be an attachment and not a capped space – we sometime have more than 8 items to request.

Please let me know if you need any clarification.

Thank you,

Jordan
