TO COUNTY ASSESSORS:

No. 2024/024

**2024-25 INCOME LEVELS FOR THE WELFARE EXEMPTION
 (SUPPLEMENTAL)**

Effective October 11, 2023, [Assembly Bill \(AB\) 84](#) (Stats. 2023, ch. 734)¹ amends sections 214 and 259.15 of the Revenue and Taxation Code, which relate to the welfare exemption. AB 84 expanded the welfare exemption for the low income rental housing. From the 2024–25 fiscal year through the 2028–29 fiscal year, this bill requires that a unit continue to be treated as occupied by a lower income household if the occupants were lower income households on the lien date in the fiscal year in which their occupancy of the unit commenced and the unit continues to be rent restricted, notwithstanding an increase in the income of the occupants of the unit up to 100% of the area median income (AMI), adjusted for family size.

This Letter To Assessors (LTA) is a supplement to LTA No. [2023/026](#), *Income Levels For The Welfare Exemption 2024-25*, and adds Attachment D which contains income limit information relating to "over-income" tenants (100% AMI).

Welfare Exemption – Low-Income Rental Housing – "Over-Income 100% AMI" Tenants (Attachment D)

In the case of an owner of property² that is subject to an enforceable and verifiable agreement with a public agency³, a unit shall continue to be treated as occupied by a lower income household if the occupants were a lower income household on the lien date in the fiscal year in which occupancy of the unit commenced and the unit continues to be rent restricted, even if the income of the occupants has increased in subsequent years up to 100 percent of AMI, adjusted for family size ("over-income" tenants). Thus, these units may still be included in the number of units serving lower income households, which is to be indicated in BOE-267-L or BOE-267-L1, Section 4, provided the units remain rent-restricted. However, once the household income exceeds 100 percent of AMI, adjusted for family size, as of the lien date, the unit would cease to qualify for property tax exemption. Attachment D provides the income limits for "over-income" tenants, which is to be used *only* for projects that are subject to an enforceable and verifiable agreement with a public agency under these circumstances and occupied by "over-income" tenants. If exemption is claimed under this provision, the claimant must also adhere to additional reporting requirements by completing BOE-267-L4, *Welfare Exemption Supplemental Affidavit, Households Exceeding Low-Income Limits – "Over-Income" Tenant Data (100% AMI)*, to report information on the units occupied by these households. The Assessor should review the

¹ For information about AB 84, please see Letter To Assessors No. [2024/018](#).

² Other than those described in section 214(g)(2)(A)(iii)(I).

³ AB 84 (Stats. 2023, ch. 734), added section 214(g)(2)(A)(iii)(II), effective fiscal years 2024-25 through 2028-29.

household income amount reported by the claimant in Section 2 of BOE-267-L4 to ensure that actual household income for each unit (based on the number of persons in the household) does not exceed 100 percent of AMI.

Print Income Level

The Assessor should insert the income limits for its county in each of the appropriate sections of the supplemental affidavits and income reporting worksheets, as listed below. Additionally, the corresponding year in which the income limits are applicable should be printed at the top of page one of the supplemental affidavits.

- BOE-267-L and BOE-267-L1
 - "100% AMI" column in Section 4.A2, using Attachment D income limits
- BOE-267-L-B
 - "Lower Income Limit" column in Section 2, using Attachment B income limits (*see LTA No. 2023/026*)
 - "100% AMI Limit" column in Section 2, using Attachment D income limits

Summary

The attached income limits are to be used on supplemental affidavits for fiscal year 2024-25, which correspond to the January 1, 2024 lien date. Determination of qualifying units should be based on the use of the property on the lien date. The income limits listed are from the "*State Income Limits for 2023*," published by the California Department of Housing and Community Development (HCD) on June 6, 2023. Attachment D provides the income limits for households that are above the lower income limits, but do not exceed 100 percent of area median income (AMI) ("over-income" tenants), as provided for in section 214(g)(2)(A)(iii)(II).

For low-income housing properties that are subject to an enforceable and verifiable agreement with a public agency and which have units occupied by "over-income" tenants as described previously, the "over-income" household limits, as shown in Attachment D, should be used to determine continued exemption eligibility under section 214(g)(2)(A)(iii)(II) and printed on BOE-267-L and BOE-267-L1.

The tenant income amounts reported for each unit on BOE-267-L and BOE-267-L1 should be reviewed and compared to the attached income limits to determine the portion of the property that is eligible for the welfare exemption. In all cases, the exemption from property tax is available only to the extent that the incomes of families or households do not exceed the specified limits.

In addition, attachments A, B, C, and D will all be included in the upcoming LTA, *Income Levels For The Welfare Exemption fiscal year 2025-26*.

If you have questions regarding the attached income levels or questions concerning the exemptions described in this letter, please contact the County-Assessed Properties Division at 1-916-274-3350.

Sincerely,

/s/ David Yeung
