TO COUNTY ASSESSORS:

OPEN-SPACE LAND INTEREST COMPONENT – 2025 LIEN DATE

In accordance with section 423, subdivision (b) of the Revenue and Taxation Code, the State Board of Equalization is required to determine and announce, no later than October 1, the interest component of the capitalization rate to be used in the valuation of enforceably restricted lands assessed under sections 423, 423.5, and 426.

Section 423, subdivision (b)(1) provides that the interest component shall be:

...the arithmetic mean, rounded to the nearest 1/4 percent, of the yield rate for long-term United States government bonds, as most recently published by the Federal Reserve Board as of September 1, and the corresponding yield rates for those bonds, as most recently published by the Federal Reserve Board as of each September 1 immediately prior to each of the four immediately preceding assessment years.

Information published by the Federal Reserve Board indicated the yield rates for long-term United States government bonds were:

August 28, 2020	1.43 percent
September 1, 2021	1.92 percent
September 1, 2022	3.37 percent
September 1, 2023	4.29 percent
August 30, 2024	4.12 percent

The arithmetic mean of 1.43, 1.92, 3.37, 4.29, and 4.12 is 3.026. When rounded to the nearest one-quarter percent, the interest component for the 2025 assessment year is **3.00 percent**.

A table listing the interest components announced for current and prior lien dates is enclosed.

Sincerely,

/s/ David Yeung
